

Accident Support Network gives away tickets to HD 95th

The Accident Support Network of the law firm of Michael F. Hupy & Associates, S.C., helped some lucky bikers celebrate Harley's birthday bash by giving away two sets of tickets in a drawing from the Accident Support Network volunteer list. The Network has volunteers in all 50 states. The winners, each receiving two tickets, were David Jensen of Wisconsin Rapids, Wisconsin, and Thomas Witting, of Pewaukee, Wisconsin.

In addition to the tickets given away by the Accident Support Network, the law firm gave an additional six tickets away to current motorcycle accident clients. Also, while the celebration was going on, Accident Investigator, Tony Pan Sanfelipo, accompanied *Easyrider* photographer Michael Lichter, and video photographer Mickey Halper to the various street parties and events. They were on a tight schedule with various photo assignments, so Tony guided them through the busy traffic from one event to another.

From all accounts, it seems everyone had a great time and the city of Milwaukee is already gearing up and making plans for Harley's 100th birthday in 2003. Better start making your plans too.

Master of ceremonies, Martin Jack Rosenblum (wearing headset) was on hand to represent Harley Davidson and read some of his own poetry.

Biker poetry night—a fabulous event

City of Milwaukee Library Board of Trustees member, Michael F. Hupy, opened the Milwaukee Library Biker Poetry Night held on Tuesday, June 9th, by introducing Victor DeLorenzo, formerly of the Violent Femmes rock group.

The event was held to celebrate the Milwaukee Public Library's 100th Anniversary and Harley-Davidson's 95th Anniversary Reunion. Chicago poets, including Rob Van Tuyle, Ted Aliotta and Jean Howard were among the many Illinois poets featured at the event. Victor DeLorenzo introduced Martin Rosenblum "The Holy Ranger", Harley-Davidson historian, who acted as the master of ceremonies. Open Roads Radio personalities, Kris "Tigerlady" and Gina Woods participated in the event and taped the live performance for rebroadcast on Open Roads Radio at a later date.

Harley-Davidson was not able to provide the three motorcycles needed for the props during the show. At Trustee Hupy's request, three accident investigators from his law office provided their motorcycle for use as props on the stage and out in the lobby.
